PMX™ Series

Numéro de référence	PMX0810-A10-BN0-00
Série de moteurs	PMX08
Cadre NEMA	08
Longueur de l'empilement de rotors	1 empilement
Bobinage du moteur	A
Angle de pas	1 (1.8 deg)
Connexion/Option	B (fil conducteur)
Option d'arbre avant	N (lisse)
Option d'arbre arrière	0 (pas d'arbre arrière)
Option d'étanchéité	00 (IP30)
X Max. [mm]	30

Kollmorgen's new PMXTM stepper motor line delivers breadth and design flexibility at competitive lead times. Kollmorgen is excited to continue its winning heritage in hybrid stepper motors by introducing the PMX family. Leveraging the best practices from customer preferred products in the POWERMAX and POWERPAC families, the PMX Series will deliver breadth and design flexibility with a very competitive lead time. Look no further for that hybrid stepper motor family with local support that gives you the flexibility you need to succeed. PMX motors allow Kollmorgen customers to fulfil their automation needs at an affordable cost, enabling higher throughput in a wide variety of equipment. In addition, leveraging Kollmorgen's technical expertise and flexible engineering, the PMX is ready for seamless special and co-engineering options, allowing for swifter and easier integration into both new and existing applications.

PMX Series motors include smaller NEMA 08, 11, and 14 frame sizes in addition to the traditional NEMA 17, 23, and 34 frame sizes. Each frame size is built with high quality construction in an affordable, market competitive solution. Numerous co-engineering options are also available including: customizing shafts, encoders, and mounted spur and planetary gearboxes.

- Increased Design Flexibility – six frame sizes (08, 11, 14, 17, 23, 34) each with several stack length and winding options available
- Minimal Drive Adjustments – options for 1.8 and 0.9 degree step angles
- Lower Unit Cost – PMX motors are priced competitively in today's current stepper market and are the lowest of all Kollmorgen stepper products
- Quality construction translates to reliability in the field and a long service life
- 5 Frame Sizes covering 4.6 Nm (3.4 lb-ft) 510 Nm (373 lb-ft)
- Localized Support gives you the delivery terms and immediate technical support you need, meaning to quicker time to market and less downtime
- Flexible Manufacturing enables Kollmorgen to immediately evaluate modifications and co-engineered solutions for rapid prototyping
- Easy to Apply Worldwide – CE, RoHS, REACH
